

Connector Selection Guide

Our products are used widely in the application of military communication, medical electronics, audio-video, testing and measurement instrumentations, etc. We also design and manufacture special Fiber Optic Connectors and custom cable assembly for harsh environments.

Product standards meet the requirement of MIL, UL and IEC, Chinese military GJB accordingly. OSM can design connectors according to customer specifications. In any case, high quality and reliability connection is the primary target for the company to achieve.

Relying on the experienced professional team, we will provide partners with more than expected connectivity solutions.

VISION: To be a shining star in connector industry!

MISSION: Relying on the experienced professional team, to provide partners with more than expected connectivity solutions.

Custom Cable Assembly

OSM helps to define the connectivity solutions that best fits the specific application and will guide the customer through the design process of choosing the appropriate materials and functionality required for signal choices.
